What is Seesaw?

Seesaw is an application used to communicate with your child's homeroom and specialist teacher.

The instant messaging section of the app allows you to ask questions and receive updates about your child's learning, as well as send and receive photos or post videos.

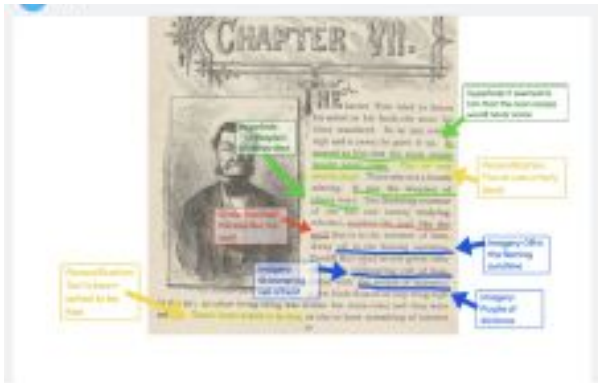

It is a platform that offers interactive activities and a platform for students to complete classwork.

**Please ensure that you email your teacher if you have any issue connecting to Seesaw.*

Seesaw makes learning visible

- ✓ Seesaw makes your child's thinking and learning visible. Students complete assignments and post to their journal using the Class app.
- ✓ Tools like photo, draw + record and video to create, reflect and show their learning.
- ✓ Seesaw enables families to see and celebrate their child's growth.
- ✓ Parents can connect to multiple children's journals in one place.

Connect with your teachers

Form strong partnerships with your child's teacher on the Family app

- ✓ Resources and announcements
- ✓ Message one-on-one with the teacher
(group messaging is not available)
- ✓ Respond with typed messages or click the (+) to send photos, videos, and more

**When teachers and families work together, students achieve!
Together on Seesaw, we can celebrate and support your child's
learning inside and outside the classroom.**
